### **Preparation: Instruction for participants**

*We would like to ask you to provide us with some information about your Living Lab (or LL related project), your work, and your ambitions. This information will be used during the various activities of the two-day event.*

*Before coming to the Brussels event, please address the following questions and e-mail the answers to the organising team.*

1. What is the most valuable asset of your Living Lab?
2. What were the most difficult issues you faced regarding organisational, technical and contextual aspects? [Can you tell us how you dealt with them?]
3. What is your most important lesson learned that you want to share with colleagues in ENoLL?
4. What is your main advice for the future of ENoLL? How do you see your position in ENoLL?
5. What can your project 'bring to the party' for the benefit of all? [For the discussion about Living Labs related Portfolio synergies on Wednesday morning]

6. What are your specific sectoral interests and/or competences for future collaboration? [for the workshop about *Collaboration in the future (FP7 EU projects etc)* on Wednesday morning]

*In addition to this, we would also like you to bring several pictures/images of your Living Lab at work, which can be used during the event. Please e-mail these in to us in advance and also bring them with you (both digital and hard-copy).*

Two pictures/images (both digital and hard-copy) which illustrate

- ◆ The most valuable asset of your Living Lab
- ◆ Your most important lesson learned

*Please e-mail the answers to the questions and your digital images to Hank Kune (on behalf of the organizing team) at [educore@euronet.nl](mailto:educore@euronet.nl)*

*Thank you in advance.*

### Overall aims of the workshop days

- Start the empowerment process of the network (ENoLL)
- Road mapping the future of ENoLL
- Define and strengthen the supporting role of CoreLabs/CLOCK

### Participants

- ◆ Approximately 55 people
- ◆ Ca. 20 Living Labs (one+ per Lab)
- ◆ Ca. 10 CoreLabs/CLOCK people (some are also from a Living Lab)
- ◆ Ca. 20 people from Integrated Projects and potential 2nd wave Living Labs
- ◆ Ca. 5 people from the European Commission

### Desired Outcomes

- ◆ Participants have a realistic perspective on “what happens next”
- ◆ Specific information about the various Living Labs has been made available and shared
- ◆ Participants have been empowered to co-create the “next steps” together (with CoreLabs/CLOCK)

### Working principles for the workshop

- ◆ Participative, user-centric workshop experience
- ◆ Make maximum use of the knowledge and experience of the people in the room
- ◆ Focus for participants: what do I need/want, what can I offer?
- ◆ The workspace is a “living lab”
